

2019-2020 CFA Parents On Board Activities

The *CFA Parents On Board* activities are designed to acquaint the parents with the faculty and administration as well as to improve conditions for education in Phenix City. We urge all parents to join the *CFA Parents On Board* at the beginning of the school year and to attend all meetings. This is the only way the administration can learn your desires regarding our education system and work collaboratively to improve our school.
