PRINCIPAL

NICHOLAS DAVIS
ASSISTANT PRINCIPAL

Greetings SGS Families,

It may seem early, but we are already beginning to plan for next school year. We are modifying our enrollment process to make things easier for families and staff. Registration is a two-step process this year, as a returning student, Step 1 of registration is open. All families are strongly encouraged to complete step 1 by May 17, 2021. Please be reminded that this is a requirement each year for ALL students.

Registration Information for the 2021-2022 School Year:

RETURNING STUDENTS SHOULD ONLY COMPLETE STEP 1 AT THIS TIME. Step 2 for returning students/re-enrollment will be available after June 21st. You can access the enrollment forms at our district website www.pcboe.net/enroll.

Step 1

1. Complete the Central Freshman Academy [Re-Identification & Registration Documentation](#) form no later than Monday, May 17th. If you have any updated medical documentation or guardianship documentation, you will upload it when completing this form.
2. It is imperative you complete the [transportation form](#) with your AM and PM transportation information for 2021-22 by May 17th, 2021. This information will help our Transportation Department plan routes for your student. Failure to provide appropriate and complete information may prevent your child from receiving transportation services until after the second week of school.

If you have any questions regarding the re-identification process please do not hesitate to contact us here at the school (334-448-8780).

Sincerely,

Sylvia Averett, Principal CFA
